Dr-maria.com is a new online tool for translators working in any language who would like to speed up the problem solving process and increase quality at the same time. Simple to use, it houses a huge interactive database of solutions with bibliographic references. Trials of the system behind it proved an increase in productivity AND quality of over 25%. For further information and to try it for free, go to [www.dr-maria.com](http://www.dr-maria.com)

Dr-Maria.com. Nothing else looks like it or works like it.
